

## Healer Products Certificates of Analysis (COA)

Dear Healer Patron,

We are committed to producing high quality, clean, and accurately labeled cannabis products to help you feel your best. As you'll see in the following pages, we invest in the most thorough testing available in our region, not just for the content of medicinal components, but also for the absence of pesticides, toxic solvents, heavy metals, and microbiological contaminants.

To be transparent and earn your trust, our third-party laboratory certificates of analysis are attached.

Having previously owned and participated in a cannabis analytic laboratory for several years, I understand the inherent challenges related to reproducibility, calibration, and validation with peer laboratories. In the cannabis analytic industry, potency results are considered accurate within 10% deviation from the actual value. That's why after Healer performs its own internal analytics, we send samples of our bulk extracts and final products to at least one third-party lab, and sometimes two.

If you have any questions about the data on the following pages, we'd love to hear from you. Thank you for choosing Healer and taking a powerful step for your good health.

Sincerely,

Dr. Dustin Sulak

# Healer

## Respite Gummies

### Night Stage 1 Berry Gummies

Full Spectrum Hemp

5mg CBG, 2.5mg THC Per Gummy

Batch ID: R.N1.G.26.002

Manufactured Date: April 29, 2026

Expiration Date: October 29, 2027

#### CANNABINOIDS

Cannabinoid	Concentration mg/g	Concentration mg/gummy*

For a full listing of Heavy Metals, Pesticides and Residual Solvents tested, see attached  
**Nova Analytic Labs** is an accredited ISO/IEC 17025:2017 facility.

#### Ingredients:

Organic Tapioca Syrup, Organic Cane Sugar, Water, Pectin; Less than 2% of: Natural Flavors, Color (Elderberry Juice, Spirulina), Citric Acid, Sodium Citrate, Ascorbic Acid, Certified US Grown Hemp\*\*

Made in a facility that uses coconut oil

\* Based on a serving size of 4.69 g

\*\* Certified US Grown Hemp Extract includes naturally derived THC from compliant Hemp

\*<LOQ = Compound present in detectable amounts below the limit of quantitation for data reporting.
